» About Us

We, Komfort Mat are one of the top retailers of high quality and premium brand. We provide car mats and car accessories.

We deal in, our premium inventory of hi-end branded product, it makes us one of the popular online destination for any car lover. We always provide the most latest designed and premium quality product to our customers.

We make an effort to build a superb online shopping ambiance, constant connection, and service for you where you'll be able to get your preferred brands while getting the very best deals.

OUR MISSION

Our Mission is to build mats people love. Not just any mats, but mats that are designed according to the comfort and personality of the owner to satisfy their needs. Customer Satisfaction is our main priority. That will always be our Mission.

For all of our goods and services, we feel it is our duty to meet the needs of our clients. Individual responsibility for our actions will show our clients that we are genuinely interested in them and care about the quality of our products.

We think that mediocrity and half-hearted efforts have no place in the world. We embrace personal accountability for overcoming challenges and excelling. We make a conscious effort to perform at the highest level in both our personal and professional life.

» Delivery & Manufacturing

Due to our bulky collection, Komfort's Car Mats, Car Covers, Car Accessories are made in India with optimum utilization of resources keeping the environment and social responsibility in mind and we distribute them directly to clients keeping in mind their body work and fragility. We deliver across India. We ensure no communication gaps during the delivery. Clients have their specific delivery requirements as a result of the growing demand in the auto industry. We ensure to manage significant and substantial delivery consignments. We are able to deliver your products at the highest quality thanks to our cutting-edge manufacturing technology, committed workforce, product testing, and strict quality control. We follow different practices to ensure smooth and fast auto part deliveries and stand out from other delivery companies. Our consumers can receive the products fast and without any "cross-border" shipping problems to improve the customer experience or any additional fees thanks to this distribution approach.

» Our Commitment

We are committed to provide our customers with services that provides satisfaction and to build better relationship with them. We try to give value and services that customer will appreciate, we try to do our work with proper dedication. We provide you with whatever you need to protect your car interior, we focus on what customer needs. If you want to make your drive more comfortable, or change the aesthetic of your vehicle, Komfort's merchandise, expertise, and first-rate customer service will satisfy your needs. We value our Customer's needs & wants and ensure that the time customer spends with us is smooth and trouble free for them. Customer satisfaction is Komfort's first priority.

» PREMIUM 9D MATS

- » 9D Mats come in the top-tier category, these mats cover the base of your car and protect it from bacteria, grime, and from getting wet.
- » The raised edges keep dirt from sneaking up to the flooring, keeping it looking new and pristine for a very long time.
- » 9D Mats are environmental friendly.
- » The presence of a grass mat on the surface allows for optimal protection and simplifies the cleaning and maintenance process.
- » In addition to being waterproof and having anti-skid qualities, it provides your car a luxurious appearance.

- » Comes with two layers of protection.
- » Has waterproofing ability.
- » Is highly durable.
- » Helps keep the car clean, hygienic and odourless.
- » Also prevent the build-up of dirt and bacteria.

» CARPAT MAT

- » Carpet Mats are used in the interiors of cars. The carpet mat is designed to hug the floor pans so there are no pockets of loose fitting carpet. There are generally two types of backings, poly backing and mass backing. Mass backing is the original type of backing that most car makers use. It's thicker and more rubber-like than poly backing. Poly backing is lighter, easier to bend and more mesh like than mass backing.
- » They shield your vehicle from stains
- » Keeping your car safe might help you keep its worth
- » Protects your investment & Provides Comfort
- » Enhances car's interiors.

» FIT MAT (TRAY MAT)

- » Car Fit Mats come in a variety of shapes and materials. They may feature spikes, grooves, or caps to capture dirt and water, and be made from the synthetic rubber (often referred to as "vinyl" or "thermoplastic") or textile materials.
- » Perfectly covers the car flooring.
- » Shields your car from stains and spills.
- » Provides comfort
- » Enhances Car's Interior.

» GRASS MAT

- » Grass mats are equipped with anti skid rubber nails at the back side and also provide a cushion feeling to our feet while sitting in the car.
- » Grass mats protect the foot of your car and can ensure that it looks great for many years to come.
- » Grass car foot mats are made to last like no other car mats. They are well known for their superb performance and durability.
- » Has dust trapping capacity.
- » Daily shoe dirt will get trapped into the inner layers of the mat. Nothing is visible on top, so the mats have a clean appearance for a long time.

» IMPORTED GRASS MAT

- » Imported grass mats are equipped with anti skid rubber nails at the back side and also provide a cushion feeling to our feet while sitting in the car.
- » Grass mats protect the foot of your car and can ensure that it looks great for many years to come.
- » They are well known for their superb performance and durability.
- » Has dust trapping capacity.

» LEATHERETTE CAR MAT

- » All weather Lightweight, waterproof Leatherette floor mats effectively trap dirt, spills, water, and any mess the weather brings.
